

# Twin Cities Metropolitan Area 2010, 2020 and 2030 Metropolitan Urban Service Area

October 26, 2011

NOTE: This map is not a legal document. The Metropolitan Urban Service Areas (MUSA) shown are compiled from each community's 2030 comprehensive plan and subsequent plan amendments. For those communities where a 2030 comprehensive plan has not been reviewed and incorporated into GIS, data reflects their 2020 comprehensive plan. Areas defined as "Undesignated MUSA" designate areas where an agreed upon acreage between the community and the Council will be added to the 2010 MUSA. For exact MUSA information, please contact the community.
